Putting Regular and Special Session Tax Compression Together

MCR Ceiling from 88th Regular Session = .7950

MCR Floor from 88th Regular Session = .7155

Subtract $.1070 from each result for SB 2, subject to new ceiling and floor with equity band.

Revised MCR Ceiling = .6880

Revised MCR Floor = .6192

Each ISD’s initial MCR will depend on local value growth
Impact of Tax Compression on School Budgets

Tax compression does not change the size of the cup, or the district budget. Just the mix of state and local funding. Good for taxpayers, but not an investment in schools.
